

E-Waste Facility

**Electronics Recyclers International
510 Ryerson Road,
Lincoln Park, NJ 07035**

TVs, computers, monitors, laptops, printers and fax machines

Please be advised that there is a new Morris County option available for the drop-off and recycling of covered electronic devices (TVs, computers, monitors, laptops, printers and fax machines). ERI (Electronics Recyclers International, Inc.) has opened a new facility in Lincoln Park, NJ, located at 510 Ryerson Road. This is one of the few facilities that will accept TVs of any type and size so this is a valuable resource.

Non Lincoln Park Residents: please do not bring eWaste down to the Lincoln Park Recycling Center.

Residents can call ERI's administrative office at [\(202\) 380-5636](tel:2023805636) to set up a drop off time. It is a two-step process: they first call ERI to let them know what they have, and what day would be ideal for them to drop off their electronics at the Lincoln Park location. The administrative ERI office will coordinate with the Lincoln Park facility to confirm availability, and lock down an "appointment window" for the resident. ERI will then call the resident back to confirm and then they are all set. As long as it is a "covered electronic device," (TV, computer, monitor, laptop, printer and/or fax) there will be no cost for the resident. This is a great new alternative for residents on the east side of the County, as it could potentially save them a trip to Flanders.

Towns/Businesses/Organizations/Schools would reach out to the site directly. The contact is Mr. Dave Hirschler, who can be reached at david.hirschler@eridirect.com . Please be advised that this option would be at cost.

For more information about ERI, here is a link to their website: <https://eridirect.com/>

PLEASE NOTE: THIS PROGRAM IS A PRIVATE SECTOR AND IS NOT AFFILIATED WITH THE BOROUGH OF LINCOLN PARK RECYCLING YARD
